

Serviette as French Lilly

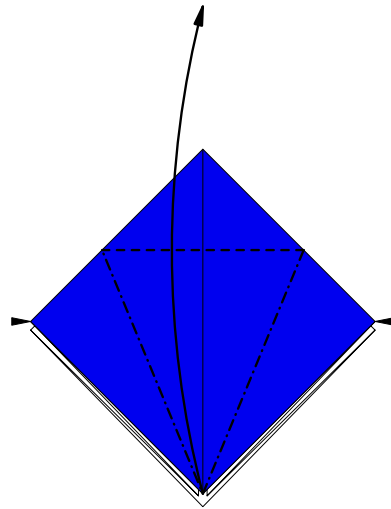

Maarten van Gelder

© 1992 Apr

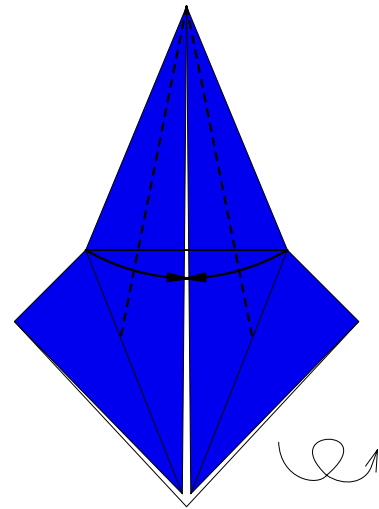

This model is especially designed for folding serviettes. When you fold it from one side colored paper you get the contrast extra.

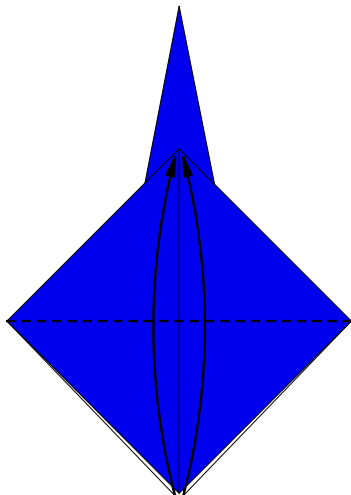

1

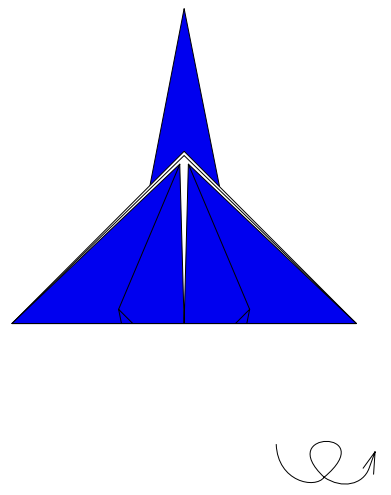

2 Fold one point up as in the bird base.

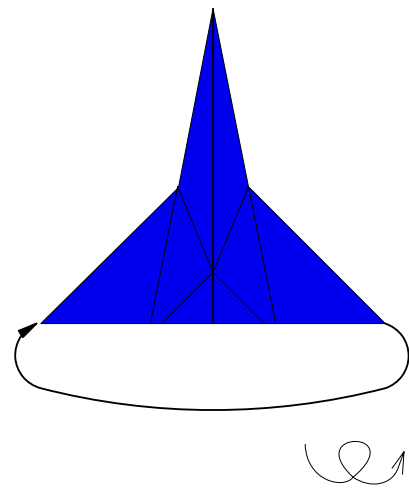

3

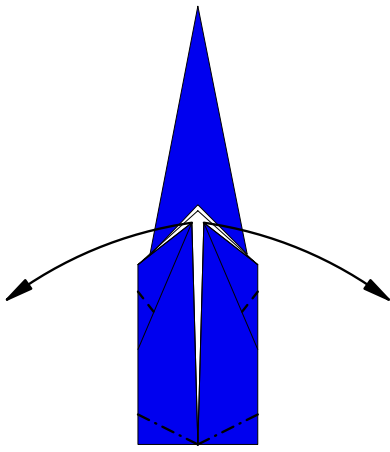

4 All three points up.

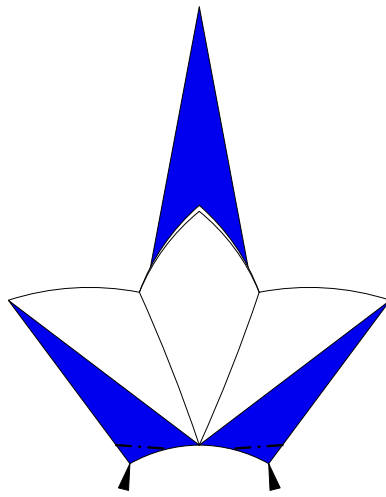

5

6 Put right point in left point. Model becomes a kind of cylinder.

7 Pull the points apart so they will stand out.
